FOR PROGRAM LEADERS

BUILD YOUR PROGRAM. SHAPE THE SPORT.

Whether you run a youth club, a community-based league or a growing program, Program Membership brings you into the USA Lacrosse community with the coverage, tools and support to help your program thrive.

HOW TO BECOME A MEMBER PROGRAM

Program Membership is built for the people who do the building. It connects your club, league or youth program to USA Lacrosse so you can focus on coaching and growing the game while we provide coverage, tools and support.

It covers the program as a whole, so your entire organization gains protection, resources and a national network behind it.
